

2011 Mazda MX-5  
THE TRUE SPORTS CAR. AND NOTHING BUT.  
zoom-zoom

The Mazda MX-5 keeps on perfecting what it does best. Striking a decisive balance of gutsy design, perceptive engineering and dialed-up performance. This is 100% pure sports car. Starting with a free-revving 16-valve, 2.0 L, DOHC, MZR engine that kicks out an assertive 167 hp. And it doesn't stop there. Its looks let you know it's up to the task with a dramatically sculpted exterior, distinctive grille and side sills. The interior beckons you to jump in and explore some S-curves. So, go ahead, feel the response of that well-tweaked track-tuned suspension. Drop the top and soak up some of that sun-in-your-face exhilaration and wind-in-your-hair freedom. Ignite a oneness between car and driver that only the truest of sports cars can deliver. **Zoom-Zoom. Forever.**
