

Mazda MX-5 Angels

Prepare to be looked at... Prepare to be envied.

Get behind the wheel of the stunning, strictly limited edition Mazda MX-5 Angels and you'll get some idea of what stardom feels like. You will, we assure you, turn heads wherever you go. In admiration, or in envy? Frankly, who cares? This is a car you buy to please yourself - a car that satisfies your relish for living and reflects your tastes, your view of the world.

If you want to be inconspicuous, try a nice little hatchback.

## Prepare yourself for a driving experience that's out of this world.

On the open road, as on the high street, the Mazda MX-5 Angels is hardly your shrinking violet. Either of the two available fuel-injected engines - the 1.6i 110 ps or the even more potent 1.8i 146 ps - provides effortless acceleration under full throttle, accompanied by a soul-stirring sound track.

It handles bends and bumps with the serenity and poise of a true superstar.

The Mazda MX-5 is the classic open top sports car, outselling every other sports car in the world. It is, in fact, nothing less than a living legend - and now, in the limited edition Mazda MX-5 Angels, the legend lives anew.

The Mazda MX-5 Angels comes in two dynamic colours - Sunlight Silver and Eternal Red.

Black leather sports seats, with red stitching - plus style bars, a chromed centre panel and autographed scuff plates - add a devilish extra touch of elegance to its already stylish cabin.

Its purposeful rear spoiler, plus meaty 15" alloys mean that, for all its film star looks, the Mazda MX-5 Angels always has its wheels firmly planted on the ground. While a special wind-blocker ensures that hood-down motoring leaves you totally unruffled, as well as utterly exhilarated.

If you think the Mazda MX-5 Angels sounds like something very special, you're absolutely right. In fact, it's even more special than you may have thought, because production will be limited to 500 vehicles. So this is hardly likely to be a car that you will spot every day. Unless, of course, there happens to be one parked in your driveway.
